

# PAMELA DUBB

Personable and passionate Scheme Project Manager who has led teams in Network Rail since 2017.

I continue to build upon my knowledge and experience in agile frameworks and project management life cycles. I am able to see the business aspect and technical aspect of a product to best suit the needs of every product, market, and employer.

Adept at adjusting work pace to meet evolving stakeholder needs and deadlines. Prepared to excel at solving complex problems in any cross-functional environment.

## PROJECTS

[Travel App](#)

[Live URL](#) [GIT repo](#)

I have created a travel app which allows the user to find information about the countries of the world it includes information such as, language spoken, currency converter, vaccines and places to see.

**Languages used:** HTML, CSS, Semantic UI Framework, Javascript, jQuery

[Code Quiz](#)

[Live URL](#) [GIT repo](#)

I have created a timed quiz using JavaScript fundamentals, which also stores the high scores and presents the scores on a score board.

**Languages used:** HTML, CSS, Javascript

[Weather Dashboard](#)

[Live URL](#) [GIT Repo](#)

I have created a weather dashboard using an API., which allows weather data for the next 5 days to be retrieved and displayed onto the dashboard once a city is searched by the user via the search bar.

**Languages used:** HTML, Javascript, CSS, Web API

## TECHNICAL SKILLS

· HTML · CSS · JAVASCRIPT · jQuery · BOOTSTRAP · API · NODE.JS
